Los Niños de Leonardo y Meredith is a Massachusetts 501(c)(3) non-profit organization, which currently operates a free school for 15 disadvantaged children in Las Terrenas, Dominican Republic. The children receive 6 hours of schooling, a uniform, and breakfast and lunch. During our first year of operation, our two teachers have enabled our students to achieve incredible results beyond our most optimistic expectations! All of our students can now read proficiently and write in cursive. They are truly on their way to a better life. We cannot expand the program, however, within the limitations of our current rental space, and need your help to build a new school. We have commitments from a local architect, building contractors, and foreign developers, which will help defray the cost, but we need funds to cover the acquisition of land and materials. Won't you please join us to support a worthy cause? There will be a video documentary presentation on Los Niños, professional group dance lessons, a silent auction, and professional dance performances. Light dinner will be provided.

Minimum Suggested Donation: \$75

100% of your tax-deductible donation goes directly to the school.

Checks should be made to: Los Niños de Leonardo y Meredith, Inc. and can be sent to: P.O. Box 196, East Boston, MA 02128.
